

Village of Meota Public Notice

Regional Fire Protection

With leadership from the RM of Meota No. 468, Village of Meota, Resort Village of Metinota and the Resort Village of Cochin have put politics and jurisdiction aside to consider the long-term feasibility and functionality of a new proposed Regional Fire Protection model encompassing Jackfish & Murray Lake Region Fire District.

Regional partnerships are an excellent means for municipal success; in good form they increase the quality of economic, political, social and environmental aspects of life.

Intermunicipal Cooperation allows municipalities to:

- Share their knowledge
- Enhance service delivery
- Focus on building a strong region
- Plan for growth
- Ensure consistency
- Sharing of risk, control costs and benefits
- Increased quality of life

Further updates will be provided as work progresses to explore the regional model. For more information contact the Village office.
